Joe has worked in the Health and Safety field since 1995. He has expertise in developing and managing programs in various aspects of health and safety and specializes in Industrial Hygiene and General Safety. Joe was hired by The Graham Company in 2005 to assume the role of manufacturing loss control specialist and to provide specialist support for Industrial Hygiene issues in all industries.

Joe has wide ranging experience with Industrial Hygiene and has expertise in the areas of Noise Sampling and Air Sampling for Silica, Lead, Hexavalent Chromium, Cadmium, Arsenic, and Mercury. Joe also has experience in evaluating for airborne levels of Volatile Organic Compounds and other chemicals. Joe has experience in developing programs reduce potential exposures using engineering controls, work practice controls and personal protective equipment.

Prior to coming to the Graham Company, Joe worked as a Safety and Industrial Hygiene Specialist at Glaxo SmithKline Pharmaceuticals and as Plant Safety Manager at a Large Food Processing Company.

In 2001 Joe earned the status of Certified Safety Professional and in 2004 he earned the status of Certified Industrial Hygienist. Joe is a member the American Industrial Hygiene Association.

Joe received his Bachelor of Science Degree in Occupational Safety and Hygiene Management from Millersville University in 1995. He completed his Master of Science Degree in Environmental Protection and Safety Management at St. Joseph's University in 2003.
