ACCNJ Added 29 Members in 2025, Expanding Organization's Expertise and Resources

Edison, NJ — The [Associated Construction Contractors of New Jersey](https://www.accnj.org) (ACCNJ) is proud to announce the addition of 29 new members in 2025, with eight new member companies added in the fourth quarter. Throughout the year, these new organizations have brought a variety of specialties to ACCNJ to further strengthen its network of contractors, suppliers, and industry partners. The additions in 2025 bring the total membership of ACCNJ to 338 member organizations.

“We are proud to welcome these new companies to ACCNJ and to see our membership continue to expand in 2025,” said **Jack Kocsis, Jr., Chief Executive Officer of ACCNJ**. “Each organization has brought insight, expertise, and innovation that enhances our collective capabilities. We’re looking forward to continued growth in 2026 that promotes the high standards our association is committed to advancing.”

The new members for the fourth quarter of 2025 are as follows:

- [DeWalt](#), headquartered in Towson, MD, is known for delivering comprehensive jobsite solutions. The company provides a full range of power tools, accessories, anchors, and integrated technology designed to enhance productivity and safety. Their products support contractors across a wide spectrum of commercial and industrial projects.
- [French & Parrello Associates](#), headquartered in Wall, NJ, is a full-service engineering and consulting firm serving both public and private sector clients. The firm’s multidisciplinary capabilities span infrastructure, environmental services, and complex site development. Their expertise supports project teams from planning through execution.
- [Industrial Combustion Associates, Inc.](#), based in Garfield, NJ, has a longstanding focus on commercial and industrial systems. The company manufactures boilers, water heaters, and heat trace systems used in a range of facilities. Their equipment is known for performance, reliability, and consistent technical support.

- [Lazear ESOP Advisors](#), operating out of Columbus, OH, guides businesses through employee stock ownership plan (ESOP) transitions, valuation strategies, and long-term organizational planning. Their team provides tailored advice to help companies navigate complex financial decisions.
- [Loading Dock Inc./Overhead Door Co.](#) supplies and installs commercial and overhead doors as well as loading dock equipment. Located in Lodi, NJ, the company is recognized for dependable service and durable installation solutions. Their products support efficient facility operations across industrial, commercial, and institutional settings.
- [Northeast Fireproofing LLC](#) provides fireproofing, insulation and firestopping services. Located in Westville, NJ and providing over 25 years of excellence, the team works on commercial and industrial projects ranging from high-rises to shopping centers, ensuring the highest quality service at a competitive price.
- [Stateside Forming](#), located in West Haverstraw, NY, is a formwork and shoring manufacturer and supplier whose products support a wide range of projects, including infrastructure and commercial concrete construction. With a focus on durability, efficiency, and sustainability, their products are engineered to deliver superior performance and long-term value.
- **V3 Construction LLC**, headquartered in Stewartsville, NJ, brings specialized concrete construction expertise to job sites. They support a wide range of building and infrastructure projects with skilled field operations.

“Our 29 new members in 2025 reflect the strength and diversity of New Jersey’s construction industry,” said **Leigh-Ann Brannigan, Membership Services Director, ACCNJ**. “It has been a pleasure supporting them throughout the year, and we are eager to continue our efforts in the new year to ensure all members excel through ACCNJ’s abundant resources.”
