## **ACCNJ Welcomes 17 New Members, Strengthening Industry Collaboration**

**Edison, NJ** — The [Associated Construction Contractors of New Jersey](#) (ACCNJ), is proud to announce the addition of 17 new member companies to its growing organization, bringing the current total membership to 330. These new member firms bring a diverse portfolio of skilled professionals and values which align with ACCNJ's mission to encourage the highest safety and business standards for the industry.

"We are thrilled to welcome these new member companies to ACCNJ," said **Jack Kocsis, Jr., Chief Executive Officer, ACCNJ**. "ACCNJ represents the state's thriving construction industry which is a major driver of New Jersey's economy, infrastructure, and labor market. We are confident our new members will further enhance our ability to unify and advocate on behalf of the New Jersey union construction community."

The new members are as follows:

- Family owned since 1935, [R. Baker & Son All Industrial Services Inc. of NJ](#) is an industry leader in rigging, dismantling, demolition and plant and machinery moving services. As a Minority and Women-Owned Business Enterprise, the company services customers in the United States, Puerto Rico, Canada and Europe.
- Since 1987, [C & C Supply Company](#), a certified WBE firm, has been providing contractors with exceptional customer service and prompt delivery of industrial, welding, safety, and electrical products. Conveniently located between the Walt Whitman and Commodore Barry Bridges in Woodbury NJ, C & C Supply Company has the capability to deliver a wide variety of products rapidly to job sites in the tri-state region.
- [Fisher & Phillips LLP](#) located at 400 Connell Drive, Suite 4000, Berkeley Heights NJ 07922, is an employment law firm that provides legal guidance on many construction industry related matters.
- In business for nearly 60 years, [Graham Company](#) is an insurance brokerage and consulting firm committed to enhancing and customizing property and casualty,

surety, and employee benefits programs for its clients. Representing the company is Vice President Shane Riccio.

- Founded in 1964, [\*\*GZA GeoEnvironmental, Inc. \(GZA\)\*\*](#) has grown into a full-service company providing its clients with highly diversified technical services supporting its core practice areas. GZA employs more than 700 engineers, scientists, and technical support staff in 32 offices throughout the U.S. With a legacy of experience in geotechnical and environmental engineering, GZA's core offerings include water, ecology, as well as consultation, pile testing, SOE design, instrumentation/monitoring, among others.
- Since 1986, [\*\*Hampton-Clarke Inc. \(HC\)\*\*](#) has provided high-quality environmental laboratory and field sampling services to its clients in the Northeast and Mid-Atlantic regions. With more than 30 years of experience, HC remains a privately held Women-Owned, Disadvantaged, Small Business Enterprise focused on providing reliable laboratory data and superior customer service to a diverse range of clients.
- Family-owned and operated for more than 25 years, [\*\*Kappa Construction Corp.\*\*](#) is a full-service general contractor with a specialty focus on HVAC/R installation services.
- [\*\*Mazza Recycling\*\*](#) is a family-owned and operated company specializing in waste and recycling services in New Jersey, as well as roll-off and front-end container rentals for residential, commercial and industrial clients. As a leading waste recycling company, Mazza's waste recycling services can handle a wide range of materials, ensuring efficient and eco-friendly practices for all types of projects.
- For more than 65 years, [\*\*Nicholson Construction Company\*\*](#) has been solving geotechnical construction and engineering problems and providing high-quality solutions for its clients and partners across the country. The firm provides geotechnical construction, specializing in multiple techniques including anchors, micropiles, grouting, soil nailing and diaphragm walls.
- Since their inception in 1985, [\*\*Pillari Bros. Construction Corp.\*\*](#) has been a trusted name in the construction industry. As a leading provider of site development and heavy construction services throughout New Jersey, Southern New York State, Eastern Pennsylvania and Delaware, Pillari Bros. is known for delivering quality work with integrity and professionalism.
- As one of the fastest growing workwear companies, [\*\*PORTWEST\*\*](#) is a designer, manufacturer and distributor of flame-resistant workwear, high-visibility garments, hand and foot protection, PPE and wearable technology. PORTWEST's catalog features 400+ safety styles, making them a "one-stop shop" for all safety requirements.

- Family owned and operated for more than 20 years, [Ram Industries LLC](#) is a total logistics provider offering trucking and rigging services, along with safe and secure warehousing services.
- **Schiavone Lane Dragados JV** located at 150 Meadowlands Parkway, 2<sup>nd</sup> Floor, Secaucus NJ 07094, is a heavy civil construction contractor.
- [Trevi Icos Corporation](#) was founded in 1997 when TREVI acquired ICOS to combine the worldwide experience of TREVI with ICOS' knowledge of the North American market. The firm continues to have a large presence along the northeast where they operate as a specialty subcontractor providing foundation and ground stabilization services and the execution of specialized work in the field of underground engineering.
- **Treviicos-Nicholson Joint Venture** provides foundation and ground stabilization services.
- [Trinity Subsurface LLC](#) is a subsurface utility engineering firm providing its clients a full suite of services. Trinity locates underground utilities and subsurface structures through various technologies and methods, including electromagnetic locating, ground penetrating radar, concrete scanning, and vacuum excavation.
- [Vulcan Materials Company](#) is a leading producer of construction aggregates, primarily crushed stone, sand and gravel. The company is also a major producer of aggregate-based construction materials, including asphalt and ready-mixed concrete.

"This is an exciting moment for ACCNJ as we grow our organization," said **Leigh-Ann Brannigan, Membership Services Director, ACCNJ**. "Our diverse membership, whose shared commitment to union values and skilled craftsmanship, strengthens our collective voice and supports the growth of our industry. Together, we're building a stronger future for union construction here in New Jersey."
